

ADMISSION PROCESS OF INTERNATIONAL STUDENTS

After the quotas for international student applications are determined, they are announced on the website.

Candidate students are selected from the applicants according to their grade point averages and within the quota, and announced on the website.

The registration schedule for the settled students and the documents required for registration are announced on the website.

Placed students can print their invitation letters from the web page according to the registration calendar.

The settled students will be directed to SADEM for Turkish education after registration. Candidates with a Turkish certificate will register for the course by submitting a petition to their departments for enrollment.

Registered students will receive their student cards from the Foreign Relations Office.

Within two years after registration, they are required to submit the Turkish Certificate obtained from SADEM or Yunus Emre Institute. Otherwise, the relationship with the university is terminated.
